

CUDLEE CREEK BUSHFIRE CLEAN-UP FREE COLLECTION

**FIRE-DAMAGED FENCING WIRE,
PLASTIC WATER TANKS,
IRRIGATION PIPING AND
CCA (PERMAPINE) POSTS AND ASH**

If you have fire-damaged fencing wire, plastic rain water tanks, irrigation piping (poly pipe) or CCA posts and ash on your property, Green Industries SA can arrange for free drop-off and disposal.

What you need to do:

1. Place damaged fencing wire in a maximum of two locations on your property.
2. Email Mike Haywood with this information:
 - Name, contact details (including the address) for the affected property
 - Number of piles of fencing wire
 - Location of the piles on the property
 - Number and size of any damaged plastic (poly) tanks
 - Location of the tanks on the property
 - Estimated amount of fire-damaged irrigation (poly pipe) piping
 - Whether the collection points are accessible by truck
 - Estimated amount of fire-damaged CCA posts

Contact Mike Haywood:

CUDLEE CREEK BUSHFIRE CLEAN-UP CCA ASH BUCKETS

If you need to collect CCA (permapine) ash on your property, buckets, including special 20 litre ash removal kits are available from the Lobethal Recovery Centre.

The kits come with protective equipment and instructions on how to clean up bushfire debris safely.

When full, these kits can be returned to the Tiers Road drop-off point in Woodside.

STAY UP TO DATE WITH THE PROGRESS OF THE BUSHFIRE CLEAN-UP

View the schedule at
greenindustries.sa.gov.au/bushfires
or at the Lobethal Recovery Centre.

The bushfire clean-up is funded by the Australian Government and the Government of South Australia.

**National Bushfire
Recovery Agency**
